

At Bank of Labor, employee and customer health and safety are a top priority. Therefore, we are increasing the number of times that ATM keypads and other frequently used surfaces are sanitized and the Bank is urging customers and employees who feel ill to stay home.

In addition, in response to CDC advice on reducing the spread of viruses, we are **temporarily** making additional adjustments to branch banking hours. However, please be assured: **if you have questions or need in-person assistance with a safety deposit box or any other service, please call 855.24-LABOR (M-F, 7:30am-6:00pm CT) to let us know how we can help.**

AS ALWAYS, YOU CAN BANK 24/7 WITH:

Bank of Labor is committed to ensuring the wellbeing of our associates and clients as well as to maintaining business continuity and ongoing support for our customers in unusual circumstances such as these. We will continue to monitor the situation and keep you informed of any updates.

Again, we invite you to contact us at 855.24.LABOR to let us know how we can help with any questions you may have at this time about your Bank of Labor accounts.

In addition, you can find the latest information about COVID-19 at the Center of Disease Control (CDC) website. <https://www.cdc.gov/>

FDIC PROTECTION STATEMENT (3-20-2020): The Federal Reserve System has and will continue to meet the currency needs of banking customers. Be assured that sufficient resources are available to handle customer needs. Banks will continue to ensure that their customers have access to funds either directly or electronically, and inside an FDIC-insured bank, your funds are protected by the FDIC. <https://www.fdic.gov/coronavirus/>
