

Which deposit option should I choose?

Check

If you choose to fund by check, *send a check payable to yourself* to:

Bank of Labor
ATTN: Operations, 3rd Floor
6301 Glenwood Street
Overland Park, KS 66202

Don't forget to write your new Bank of Labor account number in the memo line of the check.

If you fund your new account by check, we will likely hold the funds until we are able to verify their availability, which could take a maximum of seven (7) business days from the day we receive your check.

Electronic Transfer

An electronic transfer allows you to transfer funds from your account at another financial institution to fund your new Bank of Labor account. If you are opening a joint account, your funding account must have identical ownership. To set up the electronic transfer, you will need the Financial Institution Name, Routing Number and your Account Number. You will also be prompted to complete an Account Validation as part of the online account opening process. We reserve the right to check with the other bank to ensure that you are a rightful owner of your external account.

Direct Deposit

Direct deposit automatically places your paycheck, pension, Social Security, or other regular monthly income into your checking account, savings account, or Money Market account. It is convenient, secure, and saves trips to your banking center.
